DESCRIPTION

Auld & White Constructors was retained by Community First Credit Union to construct a modern branch in Bartram Park, incorporating an innovative design that enhances customer experience. This new concept replaces the traditional teller line with interactive dialogue and conversation towers, fostering a more personalized banking experience. The branch also include a dedicated Resource Center, a welcoming Children's Area, and open-concept offices, creating a warm and engaging environment for members. This design promotes accessibility, efficiency, and a community-focused atmosphere.
