

SIZE: 10,950 SQ FT

COMPLETION DATE: MAY 2019

ARCHITECT: EBERT NORMAN BRADY

DESCRIPTION

Auld & White and Ebert Norman Brady Architects completed the design-build of Fire Station No. 73 for the City of Jacksonville and Jacksonville Fire & Rescue Department. The fire station, located at Cecil Field, includes a four-bay apparatus garage, dispatch room, day room, kitchen and dining room, outdoor cover patio, bunk room for 10 fire & rescue personnel, counseling/study room, fitness room, lockers room, and a bunker gear room.
