

SIZE: 34,000 SQ FT

COMPLETION DATE: NOVEMBER 2019

ARCHITECT: PQH GROUP

## DESCRIPTION

Auld & White was retained by the North Florida School of Special Education to complete the new construction of the Lower Classroom Building on its existing campus. The building includes music and art rooms, speech and therapy rooms, multiple instructional classrooms, a partially covered play area and gymnasium. Construction took place next to the existing campus. The North Florida School of Special Education serves children with intellectual and developmental differences.
