JACKSONVILLE, FLORIDA

CORNERSTONE CLASSICAL ACADEMY - UPPER SCHOOL & GYM EXPANSION

SIZE

63,438 SQ FT

COST

\$17,345,110

ARCHITECT

ROWE ARCHITECTS

DESCRIPTION

Auld & White Constructors was retained by Cornerstone Classical Academy to construct a new 63,000+ SF facility that will significantly enhance the school's growing campus. The project features a two-story upper school building designed to accommodate classrooms, science laboratories, and academic support spaces that will include a full-size gymnasium, cafeteria and practice gym, and a fully equipped kitchen.

This thoughtfully designed expansion reflects Cornerstone Classical Academy's continued dedication to fostering a well-rounded education experience, combining rigorous academics with opportunities for physical development, creative expression, and community engagement.
