Life at Auld & White Constructors includes great earning potential, minimal travel, a knowledgeable and supportive team of experts, competitive benefits, training, opportunities for career advancement, low turnover, a close-knit team and FUN!!

Come join our team!

### Reports to: Division Leader - Drywall

#### Job Description:

- ◆ Understand and demonstrate the five levels of finishing.
- ◆ Our search for experience is specific to "production finishing" utilizing bazookas, banjos, flat and angle boxes, corner rollers and power sanders.
- ◆ Inspect drywall surfaces for imperfections (screw heads, misaligned joints, bad hanging, etc.)
- ◆ Understand the right joint compound (quick-set, lightweight, or standard) to be used at appropriate situations
- ◆ Eliminate visible joints, knows how to eliminate air bubbles, tapes are not blistered, switch and receptacle boxes are finished tight
- ◆ Install cornerbead, trim beads, reveal beads straight, plumb correctly utilizing string lines, laser, square or straight edge
- ◆ Coordination with subcontractors regarding project expectations
- ◆ Competent to instruct and inspect a quality-produced wall or ceiling
- ◆ Skill required to patch / repair existing drywall into like-new appearance
- ◆ Oversee less experienced installers / laborers
- ◆ Ability to work independently on jobsites

#### Requirements:

- ◆ Three years' drywall experience and skill with production finishing
- ◆ Must have own tools: finishing knives, mud pan, mixer, sanding pole, snips, utility knife, tape measure, tape holder and 12-gauge power cords in good working condition.

Great potential for career advancement, dependent upon completion of training and demonstration of individual's qualifications and ability.

Interested parties should submit their resume and references to Drew Christy at [dchristy@auld-white.com](mailto:dchristy@auld-white.com).
